This is a plan to spend this amount of dollars. Budget that could be spent in the year. This also could be a huge development project if so chosen.

TIF—> Pryor physical year. Spent more than we brought in, no money for sidewalk came out of TIF Contract for TIF is up in 10 years. TIF pays Olympia School district for the next 23 years in the contract.

This is telling McLean County that we could spend close to this amount in this year.

Next year proposal meeting with Danny, Marcy and lawyers.

This should match the Budget that is done in April.

Henry Dawdy asked about the Trail if we need to spend the money on the Bike Trail—>if you want to extend the bike trail to the center of town then we could spend the money for it. There would be a quick budget telling McLean County what we are spending.
